

## Mortgage Protector – Trauma Cover

Your cover in detail.

### 1 INTRODUCTION

This Trauma Cover provides **you** with a lump sum payment if an **insured person** suffers from a **trauma condition**.

The **schedule** will show which **insured person** this Trauma Cover applies to and any additional options that may apply.

### 2 BUILT IN BENEFITS

#### 2.1 Trauma conditions

**Trauma condition** means any one of the conditions listed in the below sections and meeting the respective definition in section 7.2.

##### 2.1.1 The conditions covered for a full benefit payment

The conditions **we** will pay the **sum assured** for are as follows:

Accidentally acquired HIV	Alzheimer's disease
Angioplasty – triple vessel	Aorta Surgery
Aplastic Anaemia	Benign brain tumour or benign spinal tumour
Cancer	Carcinoma in situ – Major Treatment
Cardiomyopathy	Chronic kidney failure (renal failure)
Chronic liver failure	Chronic lung disease
Cognitive impairment	Coma
Coronary artery bypass surgery	Creutzfeldt-Jakob disease (CJD)
Dementia	Encephalitis
Heart attack	Heart valve surgery
Intensive care	Loss of independent existence
Loss of limb and eye	Loss of limbs
Loss of sight in both eyes	Loss of speech
Major head trauma	Major organ transplant
Meningitis and/or meningococcal disease	Motor neurone disease
Multiple sclerosis	Muscular dystrophy
Occupationally acquired HIV	Open heart surgery
Out of hospital cardiac arrest	Paralysis
Parkinson's disease	Peripheral Neuropathy
Pneumonectomy	Primary pulmonary hypertension
Severe burns	Severe diabetes
Severe inflammatory bowel disease	Stroke
Systemic sclerosis	Total deafness in both ears

##### 2.1.2 The conditions covered for a partial benefit payment

The conditions **we** will pay a **partial benefit** for are as follows:

Adult onset type 1 insulin dependent diabetes mellitus	Alzheimer's disease diagnosis
Aneurysm	Angioplasty - two vessels or less
Carcinoma in situ without Major Treatment	Chronic lymphocytic leukaemia
Colostomy and/or ileostomy	Dementia diagnosis
Early stage prostate cancer	Hydrocephalus

**Loss of one limb**  
**Major burns**  
**Multiple sclerosis diagnosis**  
**Severe osteoporosis**  
**Systemic lupus erythematosus**

**Loss of sight in one eye**  
**Malignant melanoma diagnosis**  
**Parkinson's disease diagnosis**  
**Severe rheumatoid arthritis**  
**Total deafness in one ear**

## 2.2 How much do we pay?

When the **insured person** suffers a **trauma condition** for the first time after the **date of commencement** and after the **stand-down period** (where applicable), **we** will pay you either:

- the **sum assured**; or
- the amount specified for a **partial benefit** payment.

Where the event giving rise to the payment of the **sum assured** was already covered at the **date of commencement** by a policy issued by **us** or another insurer (existing policy), then **we** will reduce the **sum assured** and **our** payment so that when added to any amount paid or payable under the existing policy, the total for that **insured person** does not exceed \$2,000,000.

The **sum assured** for an **insured person** will reduce by any amount payable under this cover except when **we** pay an Inbuilt Child's Trauma Benefit. **We** will adjust the premium accordingly.

### 2.2.1 Trauma Cover – Accelerated

If the **schedule** shows Trauma Cover – Accelerated applies to an **insured person**, payment of the **sum assured** is an advance payment of the Life Assurance Cover this Trauma Cover – Accelerated is attached to. **We** will reduce that Life Assurance Cover by the amount **we** pay for the **trauma condition** and adjust the premium accordingly.

An **insured person's** Trauma Cover – Accelerated **sum assured** cannot exceed **his** or **her** Life Assurance Cover **sum assured**.

### 2.2.2 Trauma Cover – Standalone

If the **schedule** shows Trauma Cover – Standalone applies to an **insured person**, **we** will only pay a claim for the Trauma Cover – Standalone if the **insured person** survives for at least fourteen days after the diagnosis of the **trauma condition**.

## 2.3 Stand-down period

If a **trauma condition** stated below occurred or was diagnosed, or the signs or symptoms leading to diagnosis became apparent to the **insured person**, or would have become apparent to a reasonable person in the **insured person's** position, within three months of:

- the **date of commencement** or the date of reinstatement, then no benefit will ever be payable for that **trauma condition** under this cover, or
- the date of any increase in the **sum assured** (excluding increases due to the CPI Option), then no benefit will ever be payable for that **trauma condition** for that increase in **sum assured**.

The stand down applies to the following conditions:

- Cancer condition, heart attack, out of hospital cardiac arrest or stroke.**
- Angioplasty - two vessels or less or Angioplasty - triple vessel**, if there was narrowing or blockage of one or more arteries.
- Coronary artery bypass surgery** if there existed disease of the arteries.
- Aorta surgery** if there was narrowing, dissection or aneurysm of the abdominal or thoracic aorta.
- Heart valve surgery** if there was heart valve defects or abnormalities.

The **stand-down** will not apply if an **insured person** had similar cover with **us** or another insurance company and this cover replaced that cover, up to the **sum assured** under the replaced cover, provided the previous cover had been in force for at least three months.

## 2.4 Inbuilt Child's Trauma Benefit

The Inbuilt Child's Trauma Benefit will be payable if:

- a **child** aged between two and 20 (inclusive) suffers a **trauma condition** defined in section 7.2 (apart from **adult onset type 1 insulin dependent diabetes mellitus**); and
- The **trauma condition** occurs for the first time after the **date of commencement** and after the **stand-down period** (where applicable), and
- The child survives for 14 days after suffering the **trauma condition**.

Where the **trauma condition** directly results from **known congenital conditions** or any **child pre-existing conditions**:

- at the **date of commencement** or reinstatement date, no benefit will ever be payable for that **trauma condition** for that **child**.
- at the **date of commencement** the **parent's sum assured** is increased, no benefit will ever be payable for the Inbuilt Child's Trauma Benefit for the amount that relates to that increase in **sum assured**.

**We** will pay **you** per **child** the lesser of:

- 20% of the **parent's sum assured** up to \$50,000; or
- If the **trauma condition** is a **partial benefit**, 10% of the **parent's sum assured** up to \$25,000.

A maximum of one Inbuilt Child's Trauma Benefit will be paid per **child** irrespective of the number of **trauma conditions** that **child** suffers or the number of covers a **parent(s)** has with **us** with the Inbuilt Child's Trauma Benefit or equivalent type child's trauma benefit.

Payment of the Inbuilt Child's Trauma Benefit does not reduce the **parent's sum assured**.

The Inbuilt Child's Trauma Benefit ends for a **child** on the earliest of the date:

- (a) the **child's parent(s)** no longer have any cover with **us** that provides this Inbuilt Child's Trauma Benefit, or
- (b) of that **child's** 21st birthday, or
- (c) **we** pay an Inbuilt Child's Trauma Benefit or equivalent type child's trauma benefit claim for that **child**.

#### 2.4.1 Conversion of Inbuilt Child's Trauma Benefit

A **child** covered under the Inbuilt Child's Trauma Benefit can apply for a Policy with **our** then Life Assurance Cover and Trauma Cover - Accelerated without having to provide additional health information within the 30 days before and after reaching **his** or **her** 21st birthday.

The maximum amount of Life Assurance Cover and Trauma Cover - Accelerated that can be applied for is 20% of one of the **parent's sum assured** on the day immediately before that **child's** 21st birthday up to \$50,000.

**We** will calculate the premium for the Life Assurance Cover and Trauma Cover - Accelerated at age 21, the sum assured, gender and smoking status of that **child**.

The Life Assurance Cover and Trauma Cover - Accelerated will exclude any claim if the **trauma condition** directly results from any:

- **known congenital conditions**, or
- **child pre-existing conditions**.

The Conversion of Inbuilt Child's Trauma Benefit is not available if the **child** had either had a claim paid or is entitled to make a claim under the Inbuilt Child's Trauma Benefit.

This Conversion of Inbuilt Child's Trauma Benefit ends for a **child** on the earliest of:

- (a) the **child's parent(s)** no longer have any cover with **us** that provides the Inbuilt Child's Trauma Benefit, or
- (b) 30 days after that **child's** 21st birthday.

#### 2.5 Financial Planning Benefit

If **we** pay a lump sum benefit of at least \$100,000 to a beneficiary under this Policy, **we** will reimburse, up to a maximum of \$2,500, the cost of a fully documented financial plan prepared by an Authorised Financial Adviser for the beneficiary.

Where there is more than one beneficiary **we** will divide the Financial Planning Benefit equally between those beneficiaries who each receive a benefit of at least \$100,000.

The reimbursement must be claimed within six months of receiving the lump sum benefit and will be payable only once in respect of all policies with **us** covering the same **insured person**.

**We** will require evidence to show that the financial plan has been provided, the qualifications of the financial adviser and the costs charged by the financial adviser.

## 2.6 Special Events

**You** can increase an **insured person's sum assured** once in any 12 month period before **his** or **her** 55th birthday without providing additional health information if one of the circumstances shown below occurs.

- (a) **You** can increase that **insured person's sum assured** by up to the lesser of \$250,000 or 25% of **his** or **her sum assured** at the **date of commencement** of the cover, if any of the following events apply to **him** or **her**:
- marriage, civil union, divorce or being subject to a separation agreement or order, or
  - birth or adoption of a **child**, or
  - dependent **child** starting secondary school, or
  - reaching ages 25, 30, 35, 40, or 45, or
  - death of a spouse, defacto partner, **child** or civil union partner, or
  - the **insured person** permanently stops work to provide full time physical care for the first time for a dependant **relative** who did not require full time physical care before the **date of commencement**.
- (b) If the **insured person** takes out or increases a mortgage on **his** or **her** own home, **you** can increase **his** or **her sum assured** by up to the lesser of:
- 50% of the **sum assured** at the **date of commencement**; or
  - the increase in the value of the existing mortgage or the amount of a new mortgage; or
  - \$250,000.
- (c) If the **insured person** has a **salary** increase of at least \$10,000 or a **salary** increase of at least 10% of **his** or **her salary**, **you** can increase **his** or **her sum assured** by up to the lesser of:
- 25% of the **sum assured** at the **date of commencement**; or
  - 5 times the increase in **his** or **her salary**; or
  - \$250,000.

### Conditions

- (a) **You** must exercise a Special Events increase in writing with supporting evidence within the later of either:
- six months following the event; or
  - 30 days of the following **policy anniversary**.
- (b) An increase under Special Events is not available if:
- the **sum assured** at the **date of commencement** includes a premium loading greater than 100%.
  - the cover has been issued as a result of a Trauma Reinstatement Option or any other trauma cover reinstatement.
  - the **insured person** has either had a claim paid or is entitled to be paid a claim under any policy with **us** or any other insurance company.
  - the premiums are not up to date or are being waived for any reason.
- (c) Any special terms and loadings that applied to the **sum assured** at the **date of commencement** will also apply to the increase on that cover.
- (d) **Your** premiums will increase in line with the increased **sum assured**. **We** will calculate the premium for the increase using the age of the **insured person** at the date you exercise a Special Events increase. The increased **sum assured** applies from the date **we** confirm the new **sum assured** to **you**, subject to payment of the additional premium.
- (e) The maximum increase for all events is the lesser of:

- \$1,000,000; or
  - the **sum assured** at the **date of commencement**.
- (f) If the **insured person** has Trauma Cover - Accelerated **his** or **her** Trauma Cover **sum assured** cannot exceed the Life Assurance Cover **sum assured**.
- (g) The total cover, added to all other trauma type covers with any insurer after an increase cannot exceed \$2,000,000.

## 2.7 Conversion Option for the Trauma Cover - Standalone

If a Trauma Cover - Standalone is shown in the **schedule** for an **insured person**, then before **his** or **her** 65th birthday **you** may convert that Trauma Cover - Standalone to a Trauma Cover - Accelerated for up to the **sum assured** with an equal amount of Life Assurance Cover, without providing additional health information.

### Conditions

- (a) The conversion is not available if:
- the **sum assured** at the **date of commencement** includes a premium loading or an exclusion.
  - the cover has been issued as a result of a Trauma Reinstatement Option or any other trauma cover reinstatement.
  - the **insured person** has either had a claim paid or is entitled to be paid a claim under any policy with **us** or any other insurance company.
  - the premiums are not up to date or are being waived for any reason.
  - The **insured person** has not suffered and is not suffering from a **terminal illness** at the **conversion date**.
  - The **insured person** is under the age of 16.
- (b) **We** will calculate the premiums for the Life Assurance Cover and the converted Trauma Cover - Accelerated for the **insured person** based on that **insured person's** age at the **conversion date**.
- (c) If the **insured person** dies within three months of the **conversion date**, other than by **accident**, the converted Life Assurance Cover with the Trauma Cover - Accelerated will not apply. Where this happens **we** will assess the claim under the Trauma Cover - Standalone terms and conditions.

## 2.8 Relocation Benefit

If an **insured person**:

- (a) has been residing outside New Zealand for more than three consecutive months; and
- (b) that **insured person** then suffers from a **trauma condition** while residing outside of New Zealand; and
- (c) **we** have accepted a claim for the **sum assured**,

**we** will reimburse **you** the lesser of:

- \$10,000; or
- the actual cost of a single standard economy airfare from **his** or **her** location to New Zealand for the **insured person** and one support person (where **medically necessary**) by the most direct route available; plus any additional transport costs to an approved medical facility in New Zealand.

**We** will pay this Relocation Benefit once only for each **insured person** regardless of other covers which may include this Relocation Benefit. The Relocation Benefit is paid in addition to the **sum assured**. **You** will need to provide **us** with the original invoice and receipt for payment before **we** pay a claim.

This Relocation Benefit is not payable:

- for a **child** under the Inbuilt Child's Trauma Benefit, or
- as a result of any **partial benefit** payment.

## 3 ADDITIONAL OPTIONS

### 3.1 Total and Permanent Disability Option

If this option is included in this cover, the **schedule** will show which **insured person** this applies to.

## 3.1.1 Total and permanent disability before age 65

**Total and permanent disability** means that **we** are satisfied that one of the following events occurs before the **insured person's** 65th birthday:

### (a) Own Occupation

If Own Occupation is shown in the **schedule** for an **insured person**, then **he** or **she** has been absent from employment through sickness or injury for an uninterrupted period of three months, and in **our** reasonable opinion after considering all the medical evidence and other relevant evidence, has become so disabled that **he** or **she** will unlikely ever be able to work in any capacity in **his** or **her own occupation**; or

### (b) Any Occupation

If Any Occupation is shown in the **schedule** for an **insured person**, then **he** or **she** has been absent from employment through sickness or injury for an uninterrupted period of three months and in **our** reasonable opinion after considering all the medical evidence and other relevant evidence, has become so disabled that **he** or **she** will unlikely ever be able to perform **his** or **her own occupation** or **any occupation**; or

### (c) If the **insured person** was not **gainfully employed** immediately before the event causing disability due to undertaking full-time **home duties**, regardless of whether Own Occupation or Any Occupation is shown in the **schedule**, **total and permanent disability** shall mean that **he** or **she** for an uninterrupted period of at least three months:

- has been under medical supervision with the complete inability to perform all normal **home duties**; and
- has been unable to leave the home without assistance; and
- in **our** reasonable opinion based on medical and other relevant evidence, is unlikely to ever again be able to perform all normal **home duties**.

## 3.1.2 Total and permanent disability from age 65 to age 70

If **we** are satisfied that after **his** or **her** 65th birthday the **insured person** was continuing to perform **his** or **her** usual occupational duties without limitation or restriction due to sickness or injury for at least 25 hours per week, then **we** will assess any claim for **total and permanent disability** made before **his** or **her** 70th birthday under the definition that applied before the **insured person's** 65th birthday.

If the **insured person** was performing **his** or **her** occupational duties with limitations or restrictions due to sickness or injury, **we** will assess the claim under the definition applying under section 3.1.4.

## 3.1.3 Home duties from age 65

If the **insured person** was not **gainfully employed** immediately before the event causing disability due to undertaking full-time **home duties**, and the event causing the **total and permanent disability** happens after the **insured person's** 65th birthday, **we** will assess the claim under the definition applying under section 3.1.4.

## 3.1.4 Total and permanent disability from age 70

Where the event causing the **total and permanent disability** happens after the **insured person's** 70th birthday, or where sections 3.1.2 or 3.1.3 apply, the following definition applies:

**Total and permanent disability** means that **we** are satisfied that the **insured person** is totally and permanently unable to perform at least two **activities of daily living** as a result of sickness or injury without the assistance of an adult.

## 3.1.5 Total and Permanent Disability Partial Benefit

**We** will pay a **partial benefit** if the **insured person** suffers the total and permanent loss of use of one hand, one foot or the sight in one eye.

The loss of the sight must be confirmed by an appropriate **specialist medical practitioner** and measured by one of the following:

- visual acuity of less than 6/60 in the affected eye after correction, or
- a field of vision constricted to 20 degrees of arc or less, or

- a combination of visual defects resulting in the same degree of visual impairment as that occurring in either of the above.

### 3.1.6 How much do we pay?

When the **insured person** suffers a **total and permanent disability** we will pay **you** either:

- The **sum assured**; or
- If the **total and permanent disability** is a **partial benefit**, 25% of the **sum assured** up to \$75,000.

Where a **trauma condition** and **total and permanent disability** result from the same sickness or injury, **we** will pay either a claim for a **trauma condition** or a **total and permanent disability** not both.

Where the event giving rise to the payment of the **sum assured** was already covered at the **date of commencement** by a policy issued by **us** or another insurer (existing policy), then **we** will reduce the **sum assured** and **our** payment so that when added to any amount paid or payable under the existing policy, the total for that **insured person** does not exceed \$5,000,000.

If the **schedule** shows Trauma Cover – Accelerated applies to an **insured person**, payment of the Total and Permanent Disability Option is an advance payment of the Life Assurance Cover this Trauma Cover - Accelerated is attached to. **We** will reduce that Life Assurance Cover and the Trauma Cover – Accelerated by the amount **we** pay for the **total and permanent disability** and adjust the premium accordingly.

### 3.1.7 Total and Permanent Disability Early Payment Benefit

If the cause of the **insured person's total and permanent disability** is due to one of the below conditions, **we** will waive the requirement for the **insured person** to be absent from employment or undertake full-time **home duties** for an uninterrupted period of three months. The conditions are:

- Alzheimer's disease
- Cardiomyopathy
- Chronic lung disease
- Dementia
- Major head trauma
- Motor neurone disease
- Multiple sclerosis
- Muscular dystrophy
- Parkinson's disease
- Severe rheumatoid arthritis
- Systemic sclerosis

## 3.2 Buy Back Option

If this option is included in this cover, the **schedule** will show which **insured person** this applies to.

Twelve months after payment of the full **sum assured** under the Trauma Cover – Accelerated **you** may buy back the Life Assurance Cover without providing additional health information.

The maximum amount of Life Assurance Cover that **you** can buy back is the Trauma Cover – Accelerated amount **we** paid. We will contact you to let you know that the option is able to be exercised.

If **we** pay the **sum assured** for a **trauma condition** listed below, **you** may buy back the Life Assurance Cover six months after **we** pay the **sum assured**:

**Paralysis, Alzheimer's disease, Dementia, loss of limb and eye, loss of limbs, loss of sight in both eyes, Multiple sclerosis or Parkinson's disease.**

**You** may exercise this Buy Back Option once only within 90 days after the end of either the six or 12 month period and before the **insured person's** 70th birthday.

Once the Life Assurance Cover has been bought back, the portion of the Life Assurance Cover which has been bought back cannot be bought back again at any time.

**We** will calculate the premium based on the rates applicable for both the age and gender of the **insured person** and the Life Assurance Cover **sum assured** bought back at the time **you** exercise the Buy Back Option.

Any Life Assurance Cover bought back under the Buy Back Option will be subject to the same terms and conditions that applied to the Life Assurance Cover when issued.

### 3.3 Trauma Reinstatement Option

If this option is included in this cover, the **schedule** will show which **insured person** this applies to.

Twelve months after payment of the full **sum assured** under Trauma Cover, other than for **loss of independent existence** or **total and permanent disability**, **you** may buy back the Trauma Cover without providing additional health information.

This option is subject to the following conditions:

- (a) **You** may exercise this Trauma Reinstatement Option once only within 90 days after the end of the twelve month period and before the **insured person's** 65th birthday.
- (b) The maximum amount that **you** can repurchase is the lesser of the benefit paid and \$2,000,000. If the **insured person** has Trauma Cover - Accelerated **his** or **her** repurchased Trauma Cover **sum assured** cannot exceed the Life Assurance Cover **sum assured**.
- (c) **We** will calculate the premium based on the rates applicable for both the age of the **insured person** and the Trauma Cover **sum assured** bought back at the time **you** exercise the Trauma Reinstatement Option.
- (d) The Trauma Cover bought back under the Trauma Reinstatement Option will be subject to the same terms and conditions that applied to the **sum assured** at the **date of commencement**.
- (e) If the **insured person** is subsequently diagnosed with a **trauma condition**, **we** will pay the bought back amount only if the **trauma condition** occurred, was diagnosed, or the symptoms leading to a diagnosis became apparent after the Trauma Cover **sum assured** was bought back.
- (f) **We** will not pay the bought back Trauma Cover **sum assured** if the **trauma condition** is:
  - the same as the original **trauma condition**, or
  - directly or indirectly caused by or related to the original **trauma condition**, or symptoms or conditions which caused the original **trauma condition** to occur, or
  - a **loss of independent existence**, or
  - a **heart condition** and the original **trauma condition** was also a **heart condition**, or
  - a **stroke** or **paralysis** (directly or indirectly resulting from a **stroke**) and the original **trauma condition** was a **stroke**.
- (g) The Trauma Reinstatement Option is not available where **we** have paid a claim for any partial benefit.
- (h) The bought back cover will not include any options or built-in benefits except payment of the **trauma conditions** as defined in section 2.1.
- (i) If the original **trauma condition** claimed for was for a **cancer condition** or a **heart condition**, a discount will apply to the premium on the bought back cover. **We** will determine the discount that will apply by the original **trauma condition** that was claimed for.

### 3.4 CPI Option

If this option is included in this cover, the **schedule** will show which **insured person** this applies to. How **we** apply the CPI Option is set out in section 4 of the Policy Terms and Conditions.

The last increase under this CPI Option for an **insured person** will be applied on the earliest of:

- the **policy anniversary** before **his** or **her** 65th birthday, or
- the total sum assured for all trauma type cover/s for that **insured person** with **us** and any other insurer, reaches \$2,000,000.

## 4 CLAIMS

### 4.1 Notice

**You** or the **insured person** must notify **us** in writing immediately or as soon as practically possible if **you** or the **insured person** become aware of any claim or potential claim under this Trauma Cover.

**We** will advise **you** of the requirements **we** need to assess **your** claim.

**We** will not pay any claim until we receive all of the requirements **we** need to assess the claim and confirm that the **insured person** meets the definition of a **trauma condition**.

### 4.2 Obligations

**You** and the **insured person** (if possible) must:

- (a) Complete **our** claim form in full and send it to **us** as soon as reasonably possible.
- (b) Supply **us** with all relevant medical evidence **we** reasonably require in connection with the claim.
- (c) Authorise the disclosure to **us** of **his** or **her** or **your** personal information in connection with the claim held by any other party.
- (d) Authorise the disclosure of **his** or **her** or **your** personal information held by **us** to another party to evaluate the claim.
- (e) Provide **us** with any other relevant information **we** reasonably require. This may include financial and occupational evidence.

The **insured person** must:

- (f) Provide a signed report from an appropriate **specialist medical practitioner** confirming the occurrence of the **trauma condition**.
- (g) Undergo one or more medical examinations if **we** reasonably request them at **our** expense. This may include blood tests and medical testing.
- (h) **We** may also request other additional claim proofs necessary to complete our assessment of the claim including an independent opinion from an appropriate **medical practitioner** or **specialist medical practitioner** approved by us.

**You** must pay any expenses incurred in proving **your** claim.

## 5 EXCLUSION

**You** cannot claim under this cover in connection with an intentional self-inflicted act or injury.

## 6 WHEN THIS COVER ENDS

This Trauma Cover ends for an **insured person** on the earliest of the date:

- (a) **you** cancel **his** or **her** Trauma Cover, or
- (b) this Policy ends for any reason, or
- (c) **we** pay the **sum assured** for that **insured person**, or
- (d) **he** or **she** dies, or
- (e) if that **insured person** has Trauma Cover - Standalone, on **his** or **her** 70th birthday.

## 7 DEFINITIONS

The definitions shown below apply to all derivatives of the words defined. Where applicable, an **insured person** will include a **child**.

### 7.1 General Definitions

#### Accident

Bodily injury caused solely and directly by violent, accidental, external or visible means. The injury must be unintended and unexpected.

## Any occupation

An occupation for which the **insured person** is suited to by education, training or experience, which would remunerate at a rate greater than 25% of **his** or **her** earnings over the last 12 month period of employment.

## Cancer condition

**Cancer, carcinoma in situ – major treatment, carcinoma in situ – without major treatment, chronic lymphocytic leukaemia, malignant melanoma diagnosis and early stage prostate cancer.**

## Child pre-existing condition

Any illness, sickness, disease, injury or medical condition existing that:

- the **parent** or **child** was aware of, or
- the **child** had signs or symptoms of; or
- the **child** had investigations or sought medical advice for, or
- a reasonable person or **parent** in the circumstances would seek diagnosis, care or treatment for,

on or before the date the Inbuilt Child's Trauma Benefit starts for a **child**.

## Conversion date

The later of the:

- date the conversion of the Trauma Cover - Standalone to Trauma Cover - Accelerated becomes effective, or
- actual date **we** receive the first premium for the Life Assurance Cover and the Trauma Cover - Accelerated.

The conversion date cannot be backdated.

## Gainfully employed

Working in an occupation or job as an employee for reward, salary, commission or any other income. For an **insured person** who is self-employed, working in any business or professional practice which could produce income for that business or professional practice.

## Heart condition

**Aorta surgery, angioplasty – triple vessel, angioplasty – two vessels or less, cardiomyopathy, coronary artery bypass surgery, heart attack, heart valve surgery, open heart surgery, out of hospital cardiac arrest or primary pulmonary hypertension.**

## Home duties

The duties normally associated with a person who is engaged in full time unpaid home duties within the family home, and is not employed in any occupation or working outside the **insured person's** home for salary, reward or profit and includes:

- (a) cleaning the family home, such as using a vacuum cleaner, sweeping with a broom, using a mop and cleaning dishes (automatic or manual).
- (b) cooking the family meals, such as preparing fresh and frozen food and using an oven, stove or microwave oven.
- (c) doing the family's laundry, such as loading and unloading a washing machine, hanging out clothes or using a dryer, folding clothes and ironing.
- (d) shopping, such as attending shops or using the phone or internet to purchase food for the family.
- (e) taking care of the **insured person's** dependent children (where applicable) such as supervising, lifting, transporting, feeding and bathing.

**We** will not consider an **insured person** who is actively seeking employment or is performing less than full time unpaid **home duties** to be performing **home duties**.

## **Known congenital condition**

A health anomaly, medical condition or defect which is:

- present at birth, and
- known by the parent or child at the date the Inbuilt Child's Trauma Benefit starts for a child.

## **New York Heart Association Classification of Cardiac Impairment**

Class 1 – no limitation of physical activity, no symptoms with ordinary physical activity.

Class 2 – slight limitation of physical activity, symptoms occur with ordinary physical activity.

Class 3 – marked limitation of physical activity and comfortable at rest, symptoms occur with less than ordinary physical activity.

Class 4 – symptoms with any physical activity and may occur at rest, symptoms increased in severity with any physical activity.

## **Own occupation**

The field of work in which the **insured person** has trained in, specialises in and was engaged immediately before becoming **totally and permanently disabled**.

## **Partial benefit**

A part payment of the **sum assured**. The definitions and the amount paid for each **trauma condition** partial benefit payment is detailed in the section 7.2.2 and if applicable sections 3.1.6 and 3.1.7 for **total and permanent disability**.

## **Stand-down period**

The period set out in section 2.3 where no benefit will ever be payable under this cover.

## **Terminal illness**

An illness where, after considering the current or future treatment the **insured person** would be reasonably expected to receive, death is likely to occur within 12 months.

## **Total and permanent disability**

A sickness or injury resulting in the **insured person** meeting the definition as outlined in section 3.1.

## **Trauma condition**

A condition as defined in section 7.2.

## **Whole person function**

The evaluation of whole person function derived from the most recent edition of the American Medical Association's book Guides to the Evaluation of Permanent Impairment (Guides) as assessed by an appropriately qualified **medical practitioner**.

## **7.2 Trauma Conditions**

### **7.2.1 Trauma conditions covered for a full benefit payment**

#### **Accidentally acquired HIV**

Infection by the Human Immunodeficiency Virus (HIV) acquired via blood transfusion or accidental means, with sero-conversion to HIV infection occurring within six months of the accident.

Any accident which may lead to a claim must be reported to **us** within thirty days of the incident. The report must be supported by a negative HIV antibody test within seven days of the incident.

Transmission via any form of sexual activity or deliberate injection of a drug not prescribed by a **medical practitioner** is excluded.

## **Alzheimer's disease**

The confirmed diagnosis by a **specialist medical practitioner** of Alzheimer's disease with the permanent and irreversible loss of cognitive function. Loss of cognitive function is deterioration or loss of intellectual capacity which requires the need for daily supervision of another adult to ensure the **insured person's** safety. Daily supervision means situations such as preparing food, taking medicines, leaving the house or activities of similar severity.

The loss needs to be measured by clinical evidence and standardised tests which reliably measure the impairment in the following areas:

- Short or long term memory;
- Orientation as to person (such as personal identity), place (such as location), and time (such as day, date and year);
- Deductive or abstract reasoning.

## **Angioplasty – triple vessel**

Undergoing a coronary artery angioplasty to correct narrowing or blockage of three or more coronary arteries within one or more procedures within a two month period.

Angiographic evidence indicating obstruction of the treated coronary arteries and confirmation from a **specialist medical practitioner** is required to confirm that the procedure is **medically necessary**.

## **Aorta surgery**

Surgery, including minimally invasive surgery or percutaneous procedures, to correct any narrowing, dissection or aneurysm of the abdominal or thoracic aorta by repair or its replacement.

## **Aplastic Anaemia**

Bone marrow failure that results in anaemia, neutropenia and thrombocytopenia and requires treatment with at least one of the following:

- marrow stimulating agents
- immunosuppressive agents
- bone marrow transplant
- peripheral blood stem cell transplant
- blood product transfusions.

## **Benign brain tumour or benign spinal tumour**

A non-cancerous tumour in the brain or spinal cord that gives rise to characteristic symptoms of intracranial pressure, such as papilloedema, mental symptoms, seizures and sensory impairment and results in:

- permanent neurological damage and functional impairment diagnosed by an appropriate **specialist medical practitioner**, or
- surgical treatment for its removal where this is considered the appropriate and **medically necessary** treatment.

A tumour in the pituitary gland will be covered if results in:

- permanent neurological damage and functional impairment diagnosed by an appropriate **specialist medical practitioner**, or
- requires a craniotomy to remove it.

Neurological damage and functional impairment include but are not limited to: memory loss, impaired speech, vision loss and paralysis on one side of the body.

The presence of the underlying tumour must be confirmed by imaging studies such as a CT or MRI scan.

Cysts, granulomas, malformations in or of the arteries or veins of the brain and haematomas are excluded.

## Cancer

The confirmed presence of one or more invasive malignant tumours diagnosed by a **specialist medical practitioner** with supporting histological evidence of uncontrolled growth of malignant cells and invasion of normal tissue beyond the basement membrane. The term malignant tumour also includes leukaemia, sarcoma, malignant bone marrow disorders, and malignant lymphomas.

In addition to the above, only cancers meeting the following specified level of advancement for that cancer are covered:

- Hodgkin's and Non-Hodgkins lymphoma (all stages)
- Chronic Lymphocytic Leukaemia of Rai Stage 1 or higher
- Malignant melanomas meeting any of the following criteria:
  - at least Clark Level 3 depth of invasion; or
  - 1mm Breslow thickness or greater; or
  - showing evidence of ulceration
- Prostatic cancers meeting any of the following:
  - at least TNM classification T2; or
  - a Gleason score greater than or equal to 6; or
  - the entire prostate has been removed through a prostatectomy; or
  - **medically necessary** treatment by radiotherapy or chemotherapy has been performed.
- Papillary and follicular carcinoma of thyroid of at least TNM classification T2
- Squamous cell carcinomas of the skin where the carcinomas have spread to other organs, bones or lymph nodes
- Other cancers not listed above of at least TNM classification T1.

This definition does not include the following:

- Tumours showing the malignant changes of carcinoma-in-situ (including cervical dysplasia CIN1, CIN2 and CIN3). Tumours histologically classified as pre-malignant or having low-malignant potential.
- All hyperkeratoses or basal cell carcinomas of the skin.

## Carcinoma in situ – Major Treatment

The actual undergoing of treatment for pre-invasive carcinoma in situ. The tumour must be positively diagnosed by a **specialist medical practitioner** as Tis according to the TNM classification or FIGO stage 0, with supporting histological evidence and resulting in one of the following being performed:

- **Radical surgery**; or
- **Medically necessary** treatment by radiotherapy or systemic chemotherapy.

**Radical Surgery** means the actual undergoing of **medically necessary** surgery to remove an entire affected organ or breast. Where surgery involves the colon, Radical Surgery means partial or full colectomy.

## Cardiomyopathy

Impaired ventricular function of variable aetiology, resulting in physical impairments to the degree of at least class 3 of the **New York Heart Association Classification of Cardiac Impairment**.

## Chronic kidney failure (renal failure)

End stage renal failure diagnosed by an appropriate **specialist medical practitioner** and presenting as chronic irreversible failure of both kidneys to function and resulting in regular renal dialysis being started.

## Chronic liver failure

End stage liver failure diagnosed by an appropriate **specialist medical practitioner** based on any of the following symptoms: permanent jaundice, ascites and encephalopathy.

## Chronic lung disease

End stage lung disease requiring permanent oxygen therapy and with:

- FEV<sub>1</sub> test results of consistently less than one litre, or
- at least 25% permanent impairment of **whole person function**, or
- the permanent inability of the **insured person** to perform at least one of the **activities of daily living** without the assistance of an adult.

## Cognitive impairment

Injury or illness of the brain resulting in permanent and irreversible loss of cognitive function. Loss of cognitive function is deterioration or loss of intellectual capacity which requires the need for daily supervision of another adult to ensure the **insured person's** safety. Daily supervision means situations such as preparing food, taking medicines, leaving the home or activities of similar severity.

The loss needs to be measured by clinical evidence and standardised tests which reliably measure the impairment in the following areas:

- Short or long term memory;
- Orientation as to person (such as personal identity), place (such as location), and time (such as day, date and year);
- Deductive or abstract reasoning.

## Coma

A state of unconsciousness with no reaction to external stimuli or internal needs, persisting continually with the use of a life support system for at least 72 hours.

The Trauma Cover - Standalone benefit for **coma** will only be paid where the **insured person** survives for at least a further fourteen days without the use of a life support system.

Coma related to alcohol or drug abuse is excluded.

## Coronary artery bypass surgery

**Medically necessary** coronary artery bypass graft surgery to correct coronary artery disease that is causing inadequate myocardial blood supply.

Angioplasty, intra-arterial procedures and other non-surgical techniques are excluded.

## Creutzfeldt-Jakob disease (CJD)

The unequivocal diagnosis of CJD by a **specialist medical practitioner** with signs and symptoms of cerebellar dysfunction, severe progressive dementia, uncontrolled muscle spasm, tremor and athetosis resulting in the **insured person** requiring permanent and continual supervision for their safety.

## Dementia

The confirmed diagnosis by a **specialist medical practitioner** of dementia with the permanent and irreversible loss of cognitive function. Loss of cognitive function is deterioration or loss of intellectual capacity which requires the need for daily supervision of another adult to ensure the **insured person's** safety. Daily supervision means situations such as preparing food, taking medicines, leaving the home or activities of similar severity.

The loss needs to be measured by clinical evidence and standardised tests which reliably measure the impairment in the following areas:

- Short or long term memory;
- Orientation as to person (such as personal identity), place (such as location), and time (such as day, date and year);
- Deductive or abstract reasoning.

## Encephalitis

Severe inflammation of the brain diagnosed by a **specialist medical practitioner** as resulting in:

- significant and permanent neurological sequelae, or
- at least 25% permanent impairment of **whole person function**, or
- the permanent inability of the **insured person** to perform at least one of the **activities of daily living** without the assistance of an adult.

## Heart attack

The death of a portion of heart muscle as a result of inadequate blood supply. The basis of diagnosis must be confirmed by an appropriate **specialist medical practitioner** and evidenced by a typical rise and/or fall of cardiac biomarkers (Troponin I, Troponin T or CK-MB) and must also be supported by one of the following changes consistent with a heart attack:

- New cardiac symptoms and signs; or
- Electrocardiogram (ECG) tests showing new significant changes; or
- Imaging evidence of new loss of viable myocardium or new regional wall motion abnormality.

If the above tests are inconclusive, we will consider other appropriate and medically recognised tests provided in support of the diagnosis.

The following are excluded:

- Other acute coronary and other non-coronary syndromes, including but not limited to angina pectoris, and
- A rise in biological markers as a result of an elective percutaneous procedure for coronary artery disease.

## Heart valve surgery

Surgery, including minimally invasive surgery or percutaneous procedures, to replace or repair a cardiac valve or valves as a consequence of heart valve defects or abnormalities.

## Intensive care

An **accident** or sickness which, at the recommendation of an appropriate **specialist medical practitioner**, has resulted in the **insured person**:

- requiring continuous mechanical ventilation by means of tracheal intubation for at least five consecutive days (24 hours per day), or
- being admitted to the intensive care ward of an appropriately certified hospital for at least five consecutive days (24 hours per day).

Intensive care as a direct or indirect result of drug or alcohol abuse is excluded.

## Loss of independent existence

As a result of disease, sickness or injury, the **insured person** is totally and permanently unable to perform at least two of the **activities of daily living** without the assistance of an adult.

## Loss of limb and eye

The **insured person** suffers the total and permanent loss of the use of:

- one foot or one hand; and
- the sight in one eye.

The loss of the sight must be confirmed by an appropriate **specialist medical practitioner** and measured by one of the following:

- visual acuity of less than 6/60 in the affected eye after correction, or
- a field of vision constricted to 20 degrees of arc or less, or
- a combination of visual defects resulting in the same degree of visual impairment as that occurring in either of the above.

## Loss of limbs

The **insured person** suffers the total and permanent loss of the use of either both feet, both hands or one foot and one hand.

## Loss of sight in both eyes

The **insured person** suffers the permanent and irreversible loss of sight in both eyes.

The permanent and irreversible loss of sight must as confirmed by an appropriate **specialist medical practitioner** and measured by one of the following:

- visual acuity of less than 6/60 in both eyes after correction, or
- a field of vision constricted to 20 degrees of arc or less, or
- a combination of visual defects resulting in the same degree of visual impairment as that occurring in either of the above.

## Loss of speech

The total and permanent loss of the ability to produce intelligible speech as a result of permanent damage to the larynx or its nerve supply or to the speech centres of the brain, whether caused by injury, tumour or sickness.

Loss of speech due to psychological reasons is excluded.

## Major head trauma

Permanent neurological deficit caused by an external accidental injury to the head which is confirmed by a **specialist medical practitioner** as resulting in either:

- at least 25% permanent impairment of **whole person function**, or
- the permanent inability of the **insured person** to perform at least one of the **activities of daily living** without the assistance of an adult.

## Major organ transplant

The actual transplant, or placement on an official waiting list of a Transplantation Society of Australia and New Zealand recognised transplant unit, of one or more of the following organs or tissues:

- kidney
- heart
- lung
- liver (including live donor liver transplants)
- pancreas
- small bowel
- bone marrow
- blood-forming stem cell transplant.

The transplant must be confirmed by an appropriate **specialist medical practitioner** as being **medically necessary** and treatable only by a transplant. The transplant of all other organs, parts of organs (except for liver transplant) or any other tissue transplant is excluded.

## Meningitis and/or meningococcal disease

The unequivocal diagnosis by an appropriate **specialist medical practitioner** of meningitis and/or meningococcal disease including meningococcal septicaemia that results in either:

- at least 25% permanent impairment of **whole person function**, or
- the permanent inability of the **insured person** to perform at least one of the **activities of daily living** without the assistance of an adult.

## Motor neurone disease

The unequivocal diagnosis of motor neurone disease by two appropriate **specialist medical practitioners**.

## Multiple sclerosis

The unequivocal diagnosis by an appropriate **specialist medical practitioner** of multiple sclerosis confirming more than one episode of well-defined neurological abnormalities and

- at least 25% permanent impairment of **whole person function**, or
- the permanent inability to perform at least one of the **activities of daily living** without the assistance of an adult, or
- Expanded Disability Status Scale (EDSS) level of 7.5 or higher.

The diagnosis must be based on confirmatory neurological investigations e.g. lumbar puncture, evoked visual responses, evoked auditory responses and NMR (Nuclear Magnetic Resonance) evidence of lesions of the central nervous system.

## Muscular dystrophy

The unequivocal diagnosis of muscular dystrophy by an appropriate **specialist medical practitioner**.

## Occupationally acquired HIV

Infection by the Human Immunodeficiency Virus (HIV) acquired via blood transfusion or accidental means during the course of carrying out the **insured person's** normal occupation, with sero-conversion to HIV infection occurring within six months of the accident.

Any accident which may lead to a claim must be reported to **us** within thirty days of the incident. The report must be supported by a negative HIV antibody test within seven days of the incident.

Transmission via any form of sexual activity or deliberate injection of a drug not prescribed by a **medical practitioner** is excluded.

## Open heart surgery

Undergoing open heart surgery to treat a cardiac defect, cardiac aneurysm or benign cardiac tumour.

Repair via catheter surgery, minimally invasive 'keyhole' or similar techniques are excluded.

## Out of hospital cardiac arrest

A sudden unexpected stoppage of effective heart action which:

- is not associated with any medical procedure, and
- is documented by an electrocardiogram, and
- occurs outside a hospital, and
- is due to either cardiac asystole (complete failure of the heart causing cardiac arrest) or ventricular fibrillation (heart abnormality with ineffective twitching of the heart chambers).

## Paralysis

The total and permanent loss of use of one or more limbs resulting from injury or disease.

Limb means an entire arm or leg and included in this definition is monoplegia, diplegia, hemiplegia, paraplegia, quadriplegia and tetraplegia. The diagnosis must be confirmed by a **specialist medical practitioner**.

## Parkinson's disease

The unequivocal diagnosis of Idiopathic **Parkinson's disease** by a **specialist medical practitioner** resulting in:

- At least 25% permanent impairment of **whole person function**, or
- The permanent inability of the **insured person** to perform at least one of the **activities of daily living** without the assistance of an adult.

## Peripheral neuropathy

Irreversible loss of function of peripheral nerves, diagnosed by a **specialist medical practitioner** and resulting in either:

- At least 25% permanent impairment of **whole person function**, or
- the permanent inability of the **insured person** to perform at least one of the **activities of daily living** without the assistance of an adult.

Peripheral neuropathy related to alcohol or drug use is excluded.

## Pneumonectomy

The removal of an entire lung. This must be considered the **medically necessary** treatment by an appropriate **specialist medical practitioner**.

## Primary pulmonary hypertension

Irreversible raised pressure in the pulmonary arteries with right ventricular enlargement established by investigations including cardiac catheterisation.

## Severe burns

Tissue injury caused by thermal, electrical or chemical agents that results in third degree burns to at least:

- 20% of the Body Surface Area as measured by the Rule of 9's or the Lund and Browder Body Surface Chart, or
- 50% of both hands requiring surgical debridement and/or grafting, or
- 25% of the face requiring surgical debridement and/or grafting.

## Severe diabetes

The confirmation by an appropriate **specialist medical practitioner** that the **insured person** has experienced at least two of the following complications as a direct result of diabetes:

- retinopathy that results in corrected visual acuity of 6/36 or worse in both eyes, or
- neuropathy causing
  - irreversible autonomic neuropathy that results in postural hypotension and/or motility problems in the gut with intractable diarrhoea, or
  - polyneuropathy leading to severe mobility problems due to sensory and/or motor deficits, or
- chronic infection or gangrene that results in amputation of a whole hand or foot, or
- nephropathy causing chronic, irreversible kidney impairment for at least three months where the glomerular filtration rate has reduced to less than 28ml/min (Chronic kidney disease stage 4, International Chronic Kidney Disease classification).

## Severe inflammatory bowel disease

The confirmed diagnosis by an appropriate **specialist medical practitioner** of Crohn's disease or ulcerative colitis that has failed surgical treatment, is resistant to conventional medical intervention, and requires either:

- permanent immunosuppressive therapy, or
- surgical removal of the entire large bowel (colon and rectum)

## Stroke

A cerebrovascular incident including infarction of brain tissue, intracranial or subarachnoid haemorrhage, or embolisation from an intracranial source as evidenced by CT, MRI or similar scan.

Transient ischaemic attacks and cerebral symptoms due to migraine are excluded.

## Systemic sclerosis

The unequivocal diagnosis of systemic sclerosis, as confirmed by an appropriate **specialist medical practitioner**, causing:

- skin thickening accompanied by various degrees of tissue fibrosis, and
- chronic inflammatory infiltration in visceral organs, and
- the permanent inability of the insured person to perform at least one of the **activities of daily living** without the assistance of an adult.

## Total deafness in both ears

The total and irreversible loss of hearing both natural and assisted, in both ears as a result of sickness or injury as confirmed by a **specialist medical practitioner**.

### 7.2.2 Trauma conditions covered for a partial benefit

#### Adult onset type 1 insulin dependent diabetes mellitus

We will pay 25% of the **sum assured** to a maximum of \$25,000 if the **insured person** is diagnosed by a **specialist medical practitioner** after their 30th birthday with Type 1 diabetes mellitus which requires insulin.

#### Alzheimer's disease diagnosis

We will pay 25% of the **sum assured** to a maximum of \$25,000 if the **insured person** is unequivocally diagnosed with Alzheimer's disease by a **specialist medical practitioner**.

#### Aneurysm

We will pay 25% of the **sum assured** to a maximum of \$25,000 if the **insured person** has either:

- a cerebral aneurysm of any size that is treated by a **specialist medical practitioner** surgically via clipping or endovascular surgery; or
- an aortic aneurysm that has been definitely identified through MRI or CT scanning and:
  - is larger than 5.5cm in diameter; or
  - is larger than 3.5cm in diameter and growing at a rate faster than 0.5cm in diameter per year; or
  - has ruptured.

#### Angioplasty - two vessels or less

We will pay 25% of the **sum assured** up to a maximum of \$25,000 each time the **insured person** undergoes a coronary artery angioplasty to correct narrowing or blockage of one or two coronary arteries. If the **sum assured** is less than \$10,000 we will pay the **sum assured**.

Angiographic evidence indicating obstruction of the treated coronary arteries and confirmation from a **specialist medical practitioner** is required to confirm that the procedure is **medically necessary**.

#### Carcinoma in situ – without Major Treatment

We will pay 10% of the **sum assured** to a maximum of \$25,000, the first time the **insured person** is diagnosed by a **specialist medical practitioner** with carcinoma in situ of the breast, cervix uteri, vagina, vulva, fallopian tubes, ovary, corpus uteri, anus, perineum, penis or testicle. Tumours must be classified as Tis according to the TNM classification or FIGO stage 0 with supporting histological evidence.

#### Chronic Lymphocytic Leukaemia

We will pay 25% of the **sum assured** up to a maximum of \$50,000, the first time the **insured person** is positively diagnosed by a **specialist medical practitioner** with Chronic Lymphocytic Leukaemia of Rai Stage 0.

## **Colostomy and/or ileostomy**

**We** will pay 25% of the **sum assured** to a maximum of \$25,000 if the **insured person** undergoes the creation of a permanent non-reversible opening, linking the colon or ileum to the external surface of the body.

## **Dementia diagnosis**

**We** will pay 25% of the **sum assured** to a maximum of \$25,000 if the **insured person** is unequivocally diagnosed with dementia by a **specialist medical practitioner**.

## **Early Stage Prostate Cancer**

**We** will pay 25% of the **sum assured** up to a maximum of \$50,000, the first time the **insured person** is positively diagnosed by a **specialist medical practitioner** with supporting histological evidence of early stage prostate cancer of TNM classification T1 (all categories) or Gleason score less than or equal to 5.

## **Hydrocephalus**

**We** will pay 25% of the **sum assured** to a maximum of \$25,000 if the **insured person** requires a shunt to remove an excessive accumulation of cerebrospinal fluid or to relieve increased pressure within the cranium.

## **Loss of one limb**

**We** will pay 25% of the **sum assured** up to a maximum of \$25,000, if the **insured person** suffers the total and permanent loss of use of one hand or one foot.

## **Loss of sight in one eye**

**We** will pay 25% of the **sum assured** up to a maximum of \$25,000, if the **insured person** suffers the permanent and irreversible loss of sight in one eye.

The permanent and irreversible loss of sight must as confirmed by an appropriate **specialist medical practitioner** and measured by one of the following:

- visual acuity of less than 6/60 in both eyes after correction, or
- a field of vision constricted to 20 degrees of arc or less, or
- a combination of visual defects resulting in the same degree of visual impairment as that occurring in either of the above.

## **Major burns**

**We** will pay 25% of the **sum assured** to a maximum of \$25,000 if the **insured person** suffers tissue damage caused by thermal, electrical or chemical agents that results in third degree burns to at least:

- 9% of the Body Surface Area as measured by the Rule of 9's or the Lund and Browder Body Surface Chart, or
- 50% of either hand, or combined over both hands, requiring surgical debridement and/or grafting.

## **Malignant melanoma diagnosis**

**We** will pay 25% of the **sum assured** up to a maximum of \$50,000, the first time the **insured person** is positively diagnosed by a **specialist medical practitioner** with supporting histological evidence of malignant melanoma that is Clark Level 1 or 2 depth of invasion, and less than 1mm in thickness as measured using the Breslow method.

## **Multiple sclerosis diagnosis**

**We** will pay 25% of the **sum assured** up to a maximum of \$25,000, if the **insured person** is unequivocally diagnosed with **multiple sclerosis** confirming more than one episode of well-defined neurological abnormalities by an appropriate **specialist medical practitioner**.

## **Parkinson's disease diagnosis**

**We** will pay 25% of the **sum assured** to a maximum of \$25,000 if the **insured person** is unequivocally diagnosed with Idiopathic **Parkinson's disease** by a **specialist medical practitioner**.

## **Severe osteoporosis**

**We** will pay 25% of the **sum assured** to a maximum of \$25,000 if the **insured person** before their 50<sup>th</sup> birthday:

- suffers at least two vertebral body fractures or a fracture of the neck of the femur, due to osteoporosis, and
- has bone mineral density reading with a T-score of less than -2.5. This must be measured in at least two sites by dual energy x-ray absorptiometry (DEXA).

## **Severe rheumatoid arthritis**

**We** will pay 25% of the **sum assured** to a maximum of \$25,000 if the **insured person** before their 50<sup>th</sup> birthday is diagnosed with severe rheumatoid arthritis by an appropriate **specialist medical practitioner**. The diagnosis must confirm all of the following:

- morning stiffness of the joints, and
- swelling and pain in the joints of at least three joint groups, involving the corresponding joints on both sides of the body. One of the groups must be joints on the fingers or toes, or the knuckles of the hand or wrist, and
- small nodular swelling beneath the skin, and
- a positive rheumatoid factor test, and
- x-ray evidence showing multiple and extensive changes to joints typical of rheumatoid arthritis, and
- diffuse osteoporosis with severe hand and spinal deformity.

## **Systemic lupus erythematosus**

**We** will pay 25% of the **sum assured** to a maximum of \$25,000 if the **insured person** is unequivocally diagnosed with systemic lupus erythematosus by a **specialist medical practitioner**. The diagnosis must be made in a clinical setting based on the American College of Rheumatology (ACR) revised criteria and have evidence of lupus nephritis as confirmed by:

- grade 3 to 5 nephritis (WHO classification of lupus nephritis), and
- persisting proteinuria (more than 2+).

## **Total deafness in one ear**

**We** will pay 25% of the **sum assured** to a maximum of \$25,000 if the **insured person** suffers the total and irreversible loss of hearing, both natural and assisted, in one ear as a result of sickness or injury as confirmed by an appropriate **specialist medical practitioner**.
